Enterprise Resource Planning System   **12/10/2013**

Request for Proposal No. 2013-008 - The CAA is seeking proposals from vendors to provide a new airport management enterprise resource planning ("ERP") system.

CAA has engaged BlumShapiro to perform a Software Selection and the goal is to select and acquire a new ERP application by February 2014. Please respond to this RFP if you are confident that your firm can provide a solution that has the ability to achieve CAA's business goals and improvement objectives and can satisfy the functional requirements.
